PD from OECTA

Although the Association's current job action directs members not to participate in Ministry or board-mandated professional development, members are encouraged to participate in self-directed professional learning developed and delivered by your union. OECTA's Professional department continues to offer affordable, high quality professional development opportunities. During the current job action, members interested in engaging in self-directed professional development can access teacher curated PD through *Office Hours*, *Mini Courses* and *Additional Qualifications*.

Office Hours: Participants can choose to reserve a spot through advanced registration or, pending availability may be able to access the session on the provincial website at the specified start time. Interested members can access a list of available sessions as well as registration at: <http://www.catholicteachers.ca/For-Your-Classroom/Office-Hours>

Mini-Courses: Mini-Courses are module-sized professional learning courses. Each mini-course will focus on one overarching theme within a given content area. Mini-Courses run for one month, cost only \$50 and are facilitated by a qualified AQ course instructor. Upon completion, participants will receive a certificate of completion. Space is limited and registration is required. Registration is now open and will occur on a first come basis. The next scheduled session will run from February 12th to March 4th, 2020. Interested members can access registration at: <http://www.catholicteachers.ca/For-Your-Career/Mini-Courses>
