**Survey on Sexual Violence and Harassment**

As some of you may know, the Canadian Labour of Congress have been leading [consultations on issues related to workplace harassment and sexual violence](#). They have gathered valuable input so far to help us ensure that federal workplaces are free from harassment and sexual violence.

They are now entering the last phase of our consultations as they launch our online survey,

which is open to all Canadians. Gathering the views of Canadians will help us learn more about current issues and gain insight into personal experiences with these matters.

Please take the time to participate in this online consultation, by clicking [here](#).
