

**Memo #17**

Date: February 15, 2019

To: Simcoe Muskoka Catholic Elementary Teachers

Re: **Inclement Weather and FAQs**

---

**Inclement Weather**

**10:01 Inclement Weather**

Schools remain open for service to students during inclement weather conditions, including such circumstances when bus service to schools is cancelled. Schools may be closed only under the sole authorization of the Director of Education.

- A. No deduction of salary or sick leave will be made **if weather conditions make it impossible, in the opinion of the Teacher**, to reach their assigned school. The Teacher shall make an effort to reach the nearest school within the jurisdiction of this Board if they feel it is safe to do so.
- B. Teachers are to use the ARCS call-in system in order to advise the Board of their absence due to inclement weather and indicate **if they are at home doing school related work or if they will be working at the nearest Board location**.
- C. **In the event that road and/or weather conditions improve, the Teacher shall proceed to their assigned school if appropriate in relation to time and distance.**
- D. It is the Board's expectation that any Teacher who is unable to make it to their workplace, will be either at home doing school related work or working at their nearest Board location. Where there is clear evidence of non-compliance with any of the above, the Superintendent of Schools, in consultation with the principal, shall determine if the day's absence shall be deducted from salary.

Although the decision on whether a teacher feels that it is impossible to reach their assigned workplace, rest solely on the "*opinion of the teacher*", the Board does have the right to ask what school related work has been done, if a teacher has ARC'd out "Inclement Weather – Working from Home". (This direction came out of a grievance settlement with the Board.) Teachers should only be asked for this type of information upon their return to work.

If teachers are concerned about the weather at the end of the day, they should communicate their concern to their principal once they arrive to school. The Director of Education has, in the past, communicated to administration that they may start releasing staff who may need to depart, as long as adequate supervision levels remain in place. This announcement is not permission to leave, but an opportunity to have a conversation with your administrator about your concerns.

**Frequently Asked Questions:**

**Do I have to make an attempt to get to work, before ARCing in?**

Yes and No. Our Collective Agreement language states: if weather conditions make it impossible to reach your assigned school. Determining that you can't get out of your driveway may be a reason to ARC in, but remember you have to make an attempt later in the day to get to your assigned school.

**When it states, “it relation to time and distance,” what does that mean?**

For example, if at 1:00 pm the roads are cleared around your home – so you can drive on them – and your drive is about 45 minutes, then it wouldn’t make any sense to drive to work. However, if the roads are cleared at 10:00 am and the drive is 45 minutes, then it would be logical to head to your work location.

**Do I have to report to the nearest work location?**

Yes and no. But please know that the Board knows where you live and if you are within a couple of kilometers of a school or work location, then the Board may expect you to report there instead of your own work location.

**If busses are cancelled, why do I have to go to work?**

If schools are not closed, then the expectation is that the employee attends work.

**If most of the students at my school take the bus, why do I have to go to work?**

If schools are not closed, then the expectation is that the employee attends work. We get paid to attend work – whether there are students at school or not.

**Can I change a sick/medical day to an inclement weather day?**

If you were not going to be at work because you were sick or attending a medical appointment, then you cannot change this day to an inclement weather day. The intent is that one would make an attempt to report to work or the nearest work location.

**Can I be disciplined for not reporting to work?**

Yes. The Board could determine that the roads were clear on the day in question and deem that you could have made it to your work location or nearest work location. However, and discipline results in a grievance by OECTA.
